

Productnr.:

20.

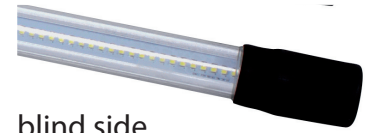

AGRO LED 120cm 20W 6000K clear cover

- Low energy consumption of 20,0 Watt
- 120° Radiation angle with 2.670 Lumen
- Low heat development
- Long lifetime up to 50,000 h
- Diameter 26,3mm
- Quicksilver- and lead-free

Productimage

cable side

blind side

133,5 Lm/Watt

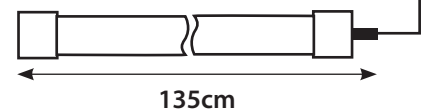

Technical data:

Voltage 230V / 50 Hz (from 100V up to 240V)
 Lightcolor (CCT) 6000 K +/- 200 K
 Total Lumen 2.670Lm -> 133,5Lm/Watt
 Radiation angle 120° / RA >80
 Powerconsumption 20,0 Watt / cos phi > 0,956
 Operation temperatue -20°C up to 40°C
 Temperature surface >1h max. ca. 45°C
 Diameter 26,3mm / Length with cable ±135cm
 Weight ±500 g (with cablelength 0,5m)
 Cable: 50cm YMvK DCA 2x2,5mm² (Ø10,5mm)

Single-sided power supply

AC 230V
2x2,5mm²

135cm

100%
Mercury free

Environmentally friendly

Pictograms

double isolated /
no grounding

Fire safety certificate
EN60598-2-24

Comparison:
36W fluorescent tube 3200lm with 360° + consumption ballast ca.43W 43 kWh/1000h

CE certified und tested according EMV
 RoHS certified
 According EN60825-1 (VDE 0837 Part 1)
 Radiation safety with Laser and LED
 Single-sided power supply
 Durability LM80 (TM21) L90B50 > 50.000h
 Protection IP67
 Not dimmable. 20,0 kWh /1000h

Assembly

20,0 Watt
2.670Lm

Packaging information

Packingsunit: 173cm x 26cm x 22cm
 Packingsweight: 28 Kg
 # Lights in 1 pack: 48 pieces (with 0,5m cable)
